The products must meet feed hygienic standards.
产品应符合饲料卫生标准。

Product Name 品名	Oaten Hay 燕麦干草
Crude Protein (%) 粗蛋白 (%)	Min 5% ≥ 5%
Neutral Detergent Fibre (%) 中性洗涤纤维 (%)	Max 56% ≤ 56%
Name of the Plant Registered 注册加工厂名称	Johnson Asahi Pty Ltd
Registration No. of the Plant 注册加工厂注册号	1382
Country of Origin 原产国	Australia 澳大利亚
Country of Destination 目的国	China 中华人民共和国
Shelf Life 保质期	Two years 两年

GA

The Canadian Forage and Grassland Association (CFGA) is a national organization that promotes the use of forage and grassland in Canada. It provides information and resources to farmers, ranchers, and other stakeholders in the industry. The association also advocates for the interests of the forage and grassland sector at the national level.

The Canadian Forage and Grassland Association (CFGA) is a national organization that promotes the use of forage and grassland in Canada.
