PART 8: DECLARATION AND CONSENT TO USE PERSONAL INFORMATION

By submitting this form for project funding, I/We:

- understand and agree that information, including personal information, both as provided on this form and subsequently collected, is collected, used and disclosed as necessary for the processing of your application for the Agricultural Climate Solutions On-Farm Climate Action Fund, including determining eligibility for and (if eligible) receipt of program assistance, and any other matters as required to support administration or management of the Agricultural Climate Solutions On-Farm Climate Action Fund;
- understand and agree that such information will be shared with the Canada Revenue Agency in relation to any potential taxable benefits, and with Agriculture and Agri-Food Canada in relation to program management, claims, audits, and evaluation of this program. I understand and agree that all such information, including personal information, transferred to Canada Revenue Agency and Agriculture and Agri-Food Canada is no longer under the control of CFGA and will be subject to the information handling practices of those government bodies and the laws applicable thereto;
- understand that successful applicants will be required to enter into a written agreement with the Canadian Forage and Grassland Association that provides for cash and/or in-kind contributions at Fair Market Value in accordance with the cost-share ratios identified in the program guidelines as well as additional requirements that are consistent with and reflect the terms, conditions, and objectives of the On-Farm Climate Action Fund;
- understand that, if approved, this project will not be eligible for funding from any other On-Farm Climate Action Fund providers;
- agree not use any GHG emissions reductions, avoidances or removals arising from this project to apply for any existing or future federal, provincial, or regulatory offset credit programs if the GHG emission reductions are generated between March 1, 2022 and March 31, 2024; voluntary market GHG emissions reductions for this project can still be applied for by the applicant subject to the eligibility requirements set up by volunteer offset programs.
- agree to participate in an evaluation and/or audit of the program;
- agree to be responsible to obtain any and all required permits, consents, authorizations and/or approvals that may be necessary prior to project completion;
- understand that projects funded may be communicated through the Canadian Forage and Grassland Association's public and social media channels;
- understand that failing to comply with all application requirements may delay the processing of the application, or may render the application ineligible for receiving assistance under the program;
- understand that the Social Insurance Number, Business Number and/or Charity Registration Number is collected under the authority of the Income Tax Act for the purposes of reporting income;
- acknowledge that my/our completing this application form and by receiving advice from the Canadian Forage and Grasslands Association or other program delivery agent does not oblige the Canadian Forage and Grassland Association or other delivery agents to provide funding.
