

How to sign up for BixImpact

Visit: <https://www.canadianfga.ca/en/projects/ofcaf-funding/>

This page will outline the application process. Instructions for signing up on the Impact site are:

- 1) Go to Impact Site: <https://biximpact.com/> and click register. Enter in your email and full name

- 2) Go to your email and look for an email from TrustBIX, click on the highlighted blue "here". This will take you to another page where you will make a password. You will need one capital, one symbol and a number. For example: Sask@1234S

- 3) Login into the Impact site and fill out the remainder of your information. Under the advisor dropdown type Ralph and choose Ralph Corcoran (SE, SK).

Saskatchewan CFGA 2022 Grazing Management Plan Assistance Program

+ Create Application

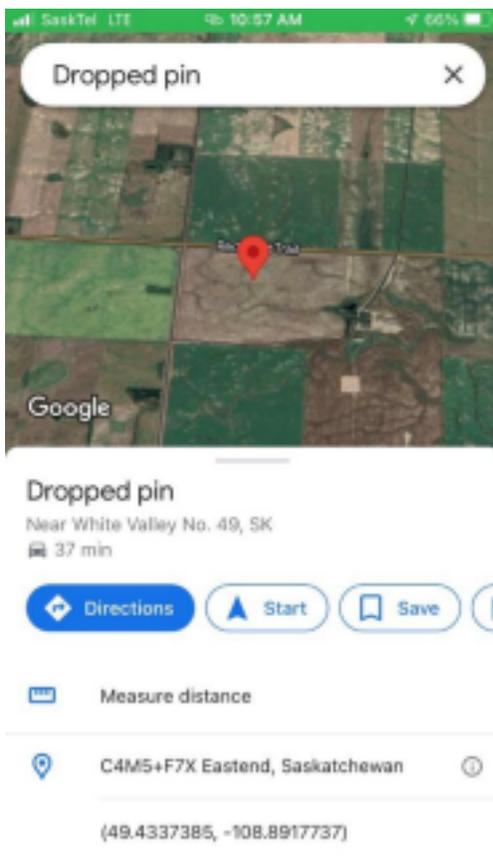

10) From the next page click “Manage”

Test Field

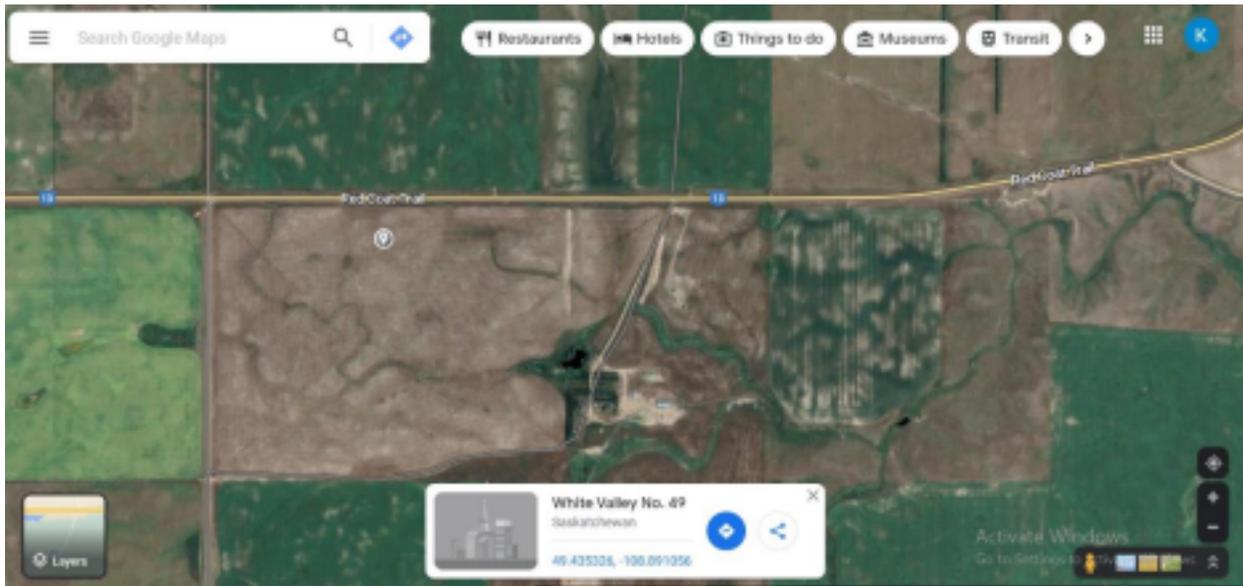

Program	Status	Date	Application
CFGA 2022 Grazing Management Plan Assistance Program	In Progress	2023-02-09	Manage

11) Fill out the application. From this page if you don't have a business number, they will want your SIN.

12) To find latitude and longitude for your project area you can either use your "Maps" or "Google Maps" app on your phones. Find the location, hold down until a red pin appears up and it will show you the location. Latitude will be the number that starts around 49 and longitude will start around 108. Make sure to copy down each number after the decimal point. Or you can also do it on your computer go to Google Maps, find your location (click "layers" at the bottom left-hand corner to get a satellite view) click on the area you want, and a little box will pop up with the location.

**This picture is using Google Maps on my cell phone

** This picture is from my computer or roughly the same location.

13) To Convert from Acres to Hectares. $1 \text{ Acre} = 0.404686 \text{ Hectares}$

Example: $20 \text{ Acres} = 8.09372 \text{ Hectares}$
